Sustainable luxury at the heart of the Okavango Delta, Botswana

Unearth the Majesty of Wild Botswana

Introduction

At Atzaró Okavango Camp you'll discover the spirit of safari, echoing a bygone era when expeditions were drenched in opulence and wonder—a time when luxury was boundless.

Our off-grid oasis awaits where the Okavango Delta spills across the vast Kalahari Desert. In reverence of this untouched land, our camp is designed with a minimal footprint and does not compromise our guests' experience. We are proudly sustainable, with our entire operation running on solar power, our water is filtered onsite, and we have a zero single-use plastic policy. Our food is locally sourced, with any waste turned into compost.

Interwoven in our authentic camp experience is our dedicated and discreet service matched by the warmth and passion of our people, who are famously welcoming and friendly, eager to share their culture and traditions with you during your stay.

Okavango Delta

Nestled between the iconic Moremi Game Reserve and the majestic Gomoti Plains you'll find our vast private concession enticing you to return to nature. Inscribed as the 1000th UNESCO World Heritage Site, the Okavango Delta stretches over two million hectares. Each year, heavy rainfall in Angola's Planalto Highlands fills the mighty Okavango River, depositing 2.5 trillion liters of fresh water into Botswana, flooding the ancient Kalahari Desert in a spectacular alluvial fan, creating the world's largest inland delta.

Here in the Okavango Delta, a profusion of life exists in pristine channels, palm-fringed islands, and thriving wetlands, enticing curious visitors to explore its untouched reaches and discover the last wetland wilderness on Earth.

Atzaró Okavango Camp

The pinnacle of luxury safari lodges, Atzaró Okavango Camp is one of the largest and most iconic five-star retreats in the Delta.

Eight expansive suites, one family suite and one luxury villa rest beside a tranquil lagoon, enveloped under canvas and shrouded in privacy. Inside, contemporary leisure spaces flow outside to private lagoon- or river-facing plunge pools, star beds, and baths for retreating in nature.

Our camp comprises a spa with a gym and 20-meter pool, an African art gallery paying homage to the people of Botswana and their crafts, an authentic Ancestral Boma, a wine cellar with a sommelier, a lagoon-facing high tea room with a stretching observation deck, and a bar, lounge, and dining space designed to imbue gathering and deep relaxation between safari pursuits.

These intentional spaces are connected by a meandering walkway, raised above the ground to allow hippos to follow their natural paths unimpeded from the shallows of the lagoon to the bush beyond camp.

Ancestral Boma

The beating heart of Atzaró Okavango, the Ancestral Boma is a sacred space for gathering and connection. Our Ancestral Boma embraces Botswana's rich heritage and enduring culture while paying homage to the original custodians of the Delta with hand-carved wooden furnishings, traditional textiles, and striking tribal portraits.

Beside the fire, an age-old safari tradition emerges, inviting you to sink into a chair, indulge in an apéritif or post-dinner tipple, and share stories of wild encounters under the stars.
